(Please submit these forms by email if possible)

Upon approval of this application, internet services will be paid for from October 2020 until December 2020. There are several methods being used to provide services, but the primary will be through NDTC. Using NDTC, we will supply Managed Wi-Fi services through NDTC. At this time, services will be able to be moved to an individual at the end of December 2020. The Access Point will be leased from NDTC and will need to be returned should services need to be terminated for any reason. If the access point is not returned, the user of the device will have to pay for this device.

[illegible]

Do you currently have internet access? _____

Which provider? _____

Have you had internet service before at the physical address above? _____

Which provider did you use? _____

Is anything preventing you from getting service there again?

By signing this form, you agree that all of the information contained in the application is correct. Also, you agree that Spirit Lake Tribe will have control of the bill at this address until 12/31/2020. At that time, services can be transitioned to the household owner's name. Should services be discontinued at that time for any reason, the Managed Wifi device will need to be returned to NDTC as soon as possible. If you need someone to return the device, you can contact Peter Owlboy Jr. to coordinate that return. If device is not returned the Parent/Guardian listed on this application will be fully responsible for paying the fees for the device (estimated at this time to be \$150).

When transitioning services to the Parent/Guardian name, please understand if there was a bill owed, those overdue bills are the responsibility of the Parent/Guardian and not Spirit Lake Tribe. Those bills will have to be taken care of when transitioning service back to the Parent/Guardian name.

Parent/Guardian Signature

Date

Parent/Guardian Printed Name
